## MESSAGE FROM THE PROVINCIAL – INM CHENNAI

### A year of Challenges and Progress

The Year 2020 has been a challenging one with the onset of the unprecedented pandemic that has affected the entire world. However, looking at a situation with the eyes of faith, we are grateful to the Lord who in his infinite goodness has brought us to see its gradual closure despite all odds of uncertainty and anxiety and has enabled us to create a web of solidarity and fraternity in order to reach out to the marginalized section of the society. I would like to appreciate ARUWYE organization for making every possible effort to creatively reach out to the unreachable through outreach activities for WOMEN, YOUTH AND CHILDREN.

I appreciate the team for undertaking alternative methods during this past year, to carry forward the mission of the organization to be close to the poorest. Especially by focusing their attention on the upliftment of the women to earn their livelihood with dignity and perseverance and enabled them to face the challenges of the pandemic with serenity. However, we also know we have a long journey ahead to reach our goal. I strongly believe that we can reach out to unprivileged people through ARUWYE organization in the days to come with the support of our donors and well wishers. I would like to sincerely thank Sr. Kanikairaj Shermila, development office coordinator and her vibrant team for leading the organization with great vitality and dignity. I wish them all the best.

Let us continue our fight against the dangerous trenches of COVID-19 with the powerful weapons of prayer, faith in God, solidarity and team spirit. As we continue to advance amidst the uncertainties of tomorrow, the globalization of indifference may at times threaten us but the necessary antibodies of the spirit of justice, charity and solidarity will help us to progress.

**May God bless you always and in all ways!**

We are determined to replace their despair with hope, their fear with security, and their ignorance with knowledge. ARUWYE is working among the underprivileged women, youth and children in five districts of Tamil Nadu. The change created has to be structural, both at larger policy and community levels at the same time should resonate from personal opinions, belief systems and choices made by the concerned people in their lives.

ARUWYE is engaged in promoting and providing quality education among the socially and economically deprived sections of the society. In addition, this activity helps us to bring out children's latent talents, promote vocational proficiency, personal character and social values so that they become self-reliant and responsible citizens. We aim to strengthen responsible people's engagement with policy-making at local and regional level.

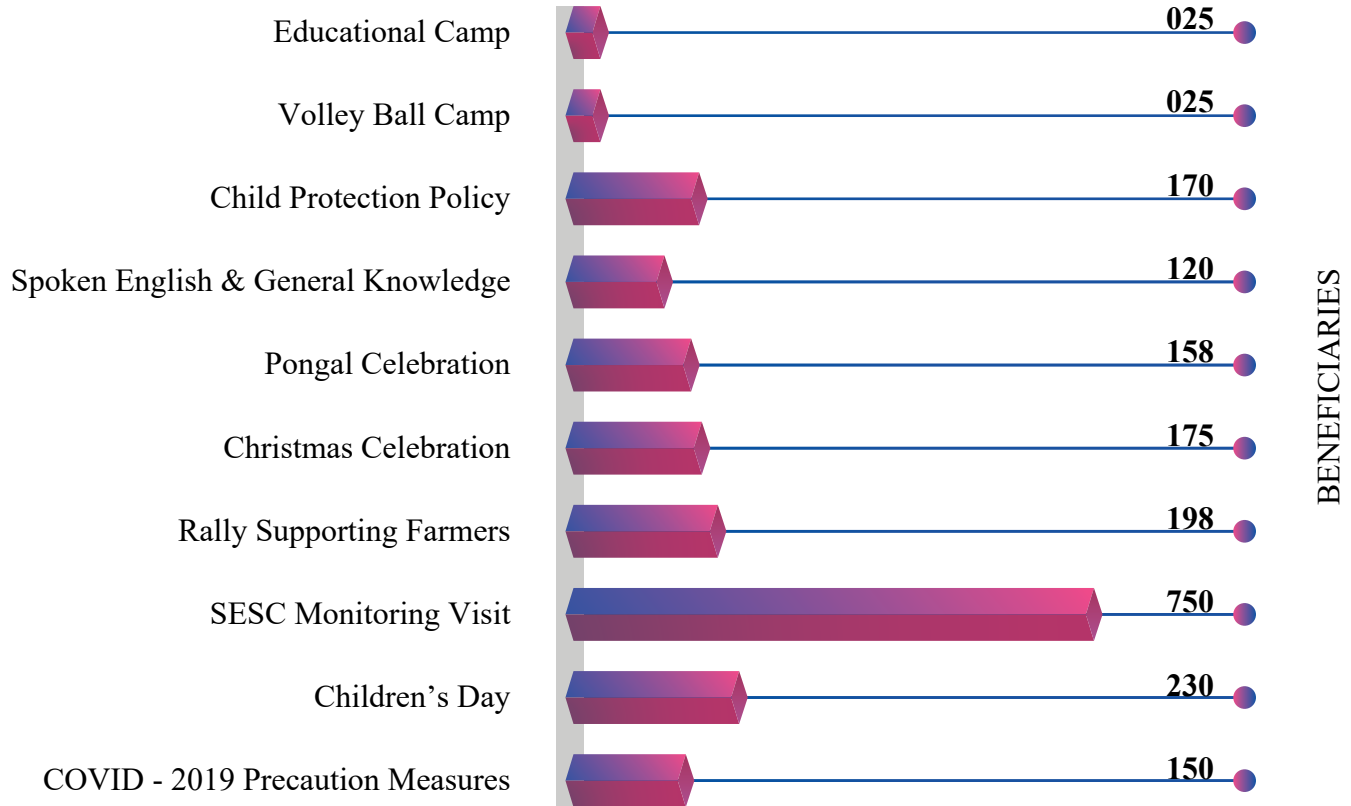

### Vision

**ARUWYE** envisages a just, harmonious and eco - friendly society where the internal and sustainable development of the marginalized is ensured.

### Mission

**ARUWYE** is committed to enhance the capacities of the marginalized children, women and youth by raising awareness on their rights and promoting livelihood and pro-actively engaging with state institutions that impact them significantly, by networking with likeminded groups and organizations engaging in lobbying and advocacy.

## Youth Developmental Activities

■ Carrier Guidance

■ Employment Opportunity

■ Internship for the College Students

### 3.1. Career Guidance

Society is making it difficult for the young people to find sustainable career opportunities. Providing them support during their studies can be a key to a successful career path. Such a support may involve the choice of a specialization and transition to the workplace. Life skills are very essential as they allow the young people to apply their newly acquired knowledge to meet the real world problems and situations. Thereby enabling them to create a framework of their desired career and build up on it.

### 3.2. Employment Opportunity

Skill development should be based on one's own skills rather than to meet industrial needs. Only then the employment opportunities thus generated will be sustainable. A girl is always burdened by the honour of her family which holds down her individual freedom and financial independence. Therefore, ARUWYE is involved in various skill development and employment training programmes to help the local youth find relevant job opportunities with decent pay scale.

### **3.3. Internship for the College Students**

Loyola College students were given an intense field work internship at ARUWYE. The students in turn supported the organization on their various project activities.
